Executive Summary

Purpose

ETC Institute conducted the City's 2025 Community and Budget Survey to help determine fiscal year 2026 budget priorities. Each year the City of San Antonio develops an annual operating budget that reflects City Council and community priorities. This is the third year a statistically valid survey has been conducted for the budget development process – the first was in 2023 for the fiscal year 2024 budget priorities. The survey was designed so the City could use ETC Institute's Priority Investment Rating (PIR) as the primary methodology for analyzing input from residents. The PIR survey methodology is designed to help local governments set budget priorities based on (1) the importance residents place on city services and (2) the needs for each service. The results of this survey will help City leaders understand whether major City services are meeting the needs of residents and what investments should be prioritized for next year.

Methodology

The survey was administered to a stratified random sample of 1,199 San Antonio residents citywide by mail, internet, and phone (mobile and landlines) and email in both English and Spanish. At least 100 surveys were completed in each of the City's 10 council districts. The results for the random sample of residents have a 95% level of confidence with a precision of at least $\pm 2.83\%$. The table below shows the number of completed surveys collected from each of the 10 districts.

Council District	Number of Completed Surveys	Percentage
1	128	10.70%
2	122	10.20%
3	105	8.80%
4	112	9.30%
5	106	8.80%
6	118	9.80%
7	126	10.50%
8	126	10.50%
9	129	10.80%
10	127	10.60%
Total	1199	100.00%

Random sampling ensures all residential addresses within the City's boundaries have an equal opportunity of being selected to participate. ETC Institute purchased a list of all residential addresses within the City based on a master USPS mailing list and selected a random sample of those to be invited to participate. The demographic questions were tracked and ETC Institute followed up with residents to ensure the demographics of the respondents mirrored the Census estimates for the City.

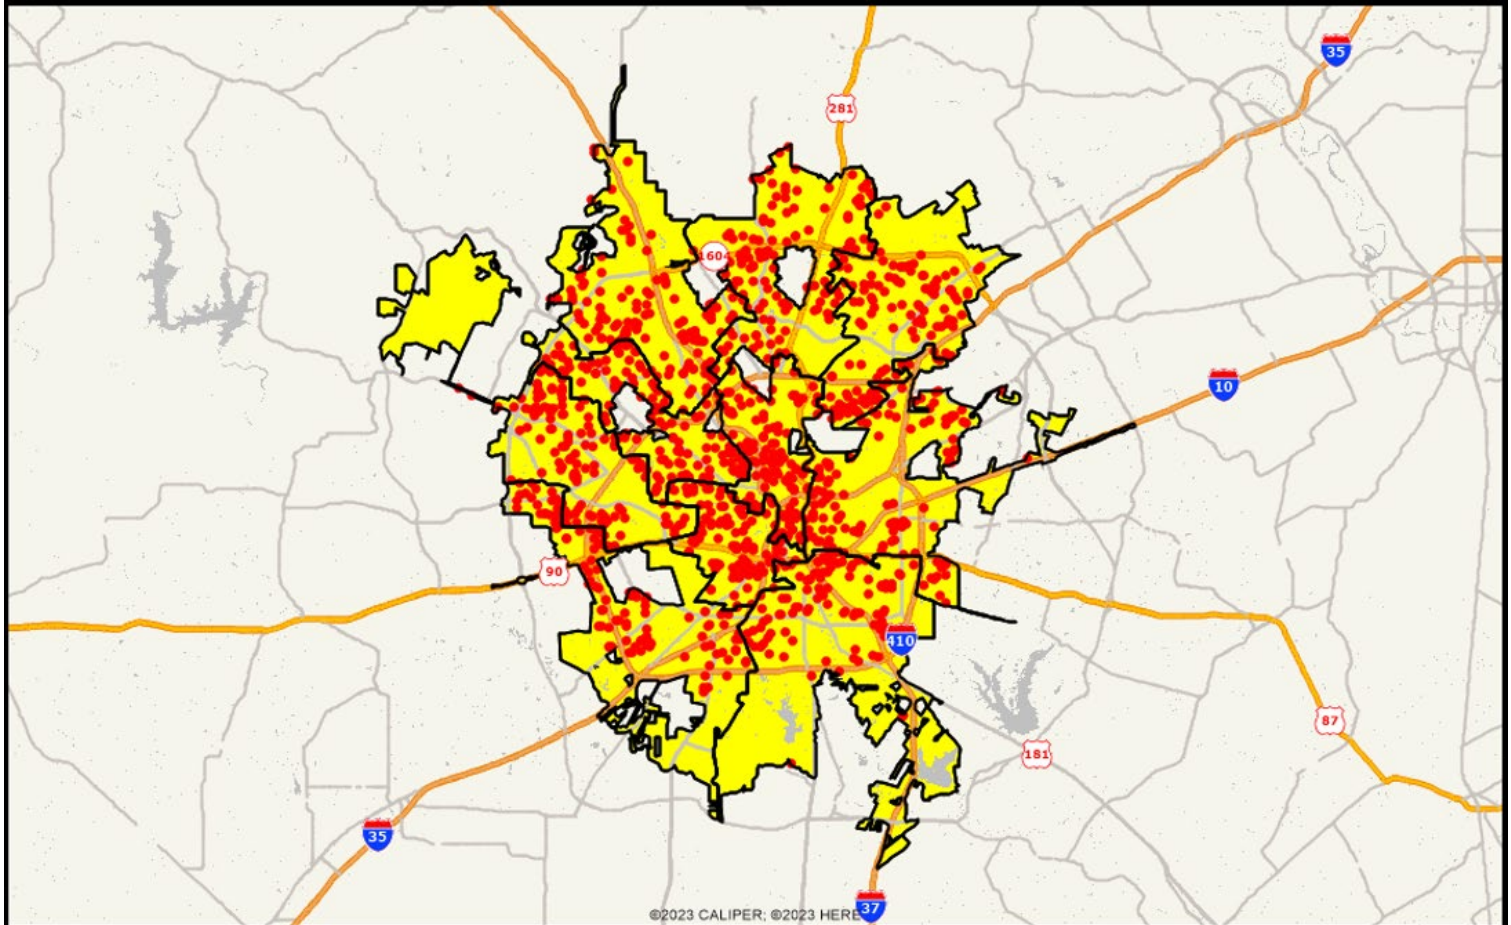

Don't Know or No Opinion Responses:

The number of "don't know" or "no opinion" responses often reflect the utilization or awareness of a given service. For comparison purposes, the percentage of "don't know" and "no opinion" responses have been excluded from the charts and graphs in this report.

Location of Respondents:

ETC Institute geocoded the home address of respondents. The dots on the map below show the distribution of survey respondents based on the approximate location of their home address.

This report contains:

- An executive summary of the methodology and Priority Investment Ratings.
- GIS Maps showing how different council districts responded to questions.
- Tables that show the results of the random sample for each question on the survey.
- A copy of the survey instrument.

Priority Investment Ratings – Part 1: Importance of City Services in the FY 2026 Budget Process

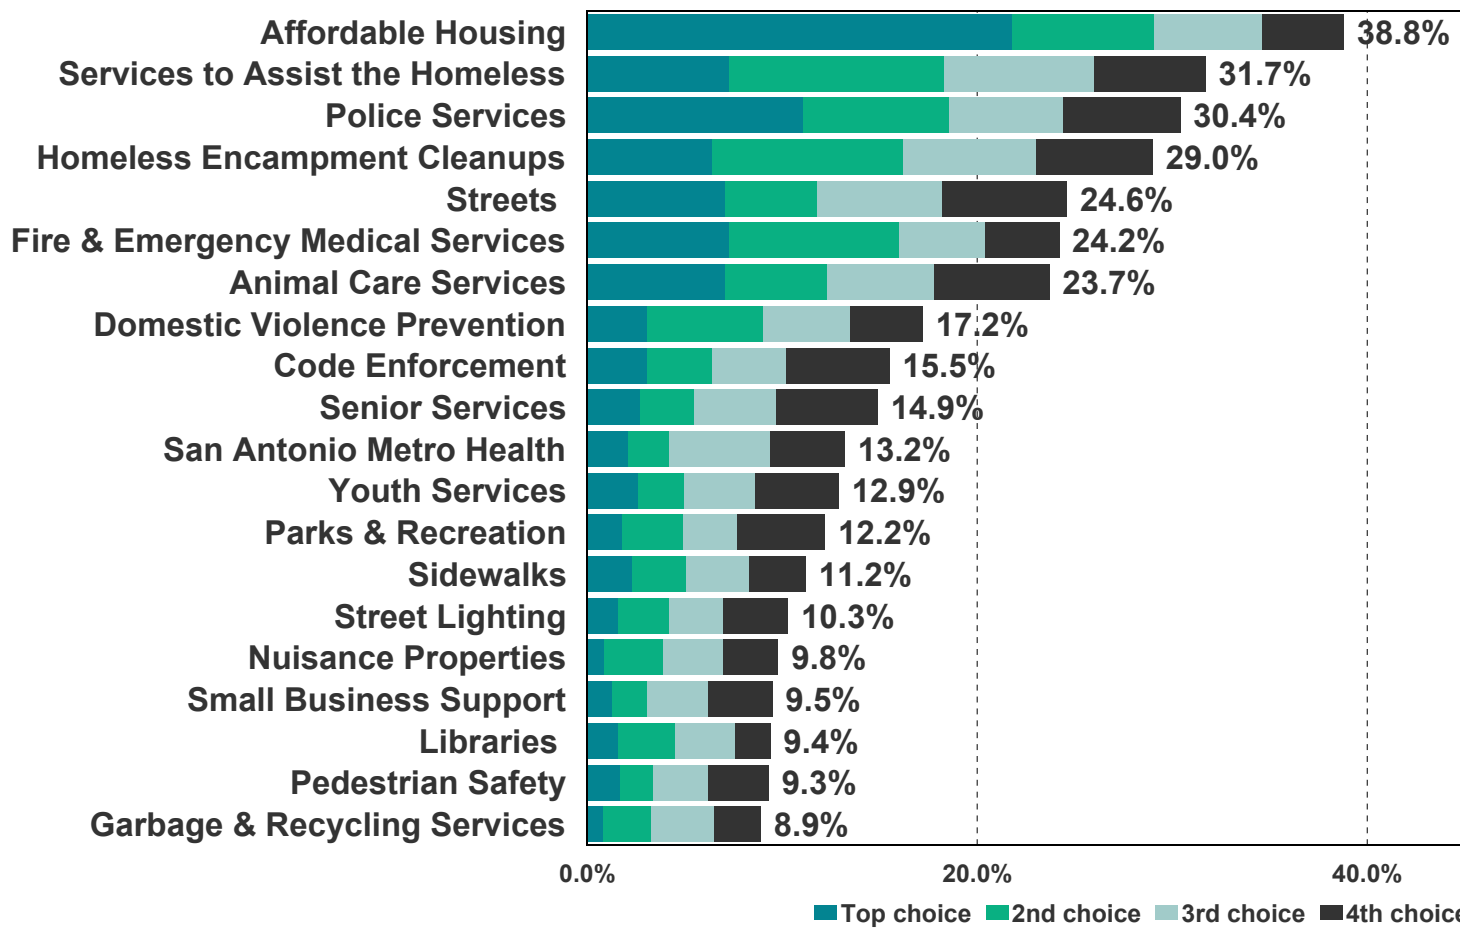

ETC Institute assessed which City services residents thought should be prioritized most in the FY2026 budget process. Based on the sum of the respondents' top four choices, the four services that residents thought should be prioritized in the FY2026 Budget Process were:

1. **Affordable Housing**
2. **Services to Assist the Homeless**
3. **Police Services**
4. **Homeless Encampment Cleanups**

The percentage of residents who selected each service as one of their top four choices is shown in the chart below.

Q2. Services that Residents Thought Should Be Prioritized Most in the FY2026 Budget Process

by percentage of respondents who selected the items as one of their top four choices

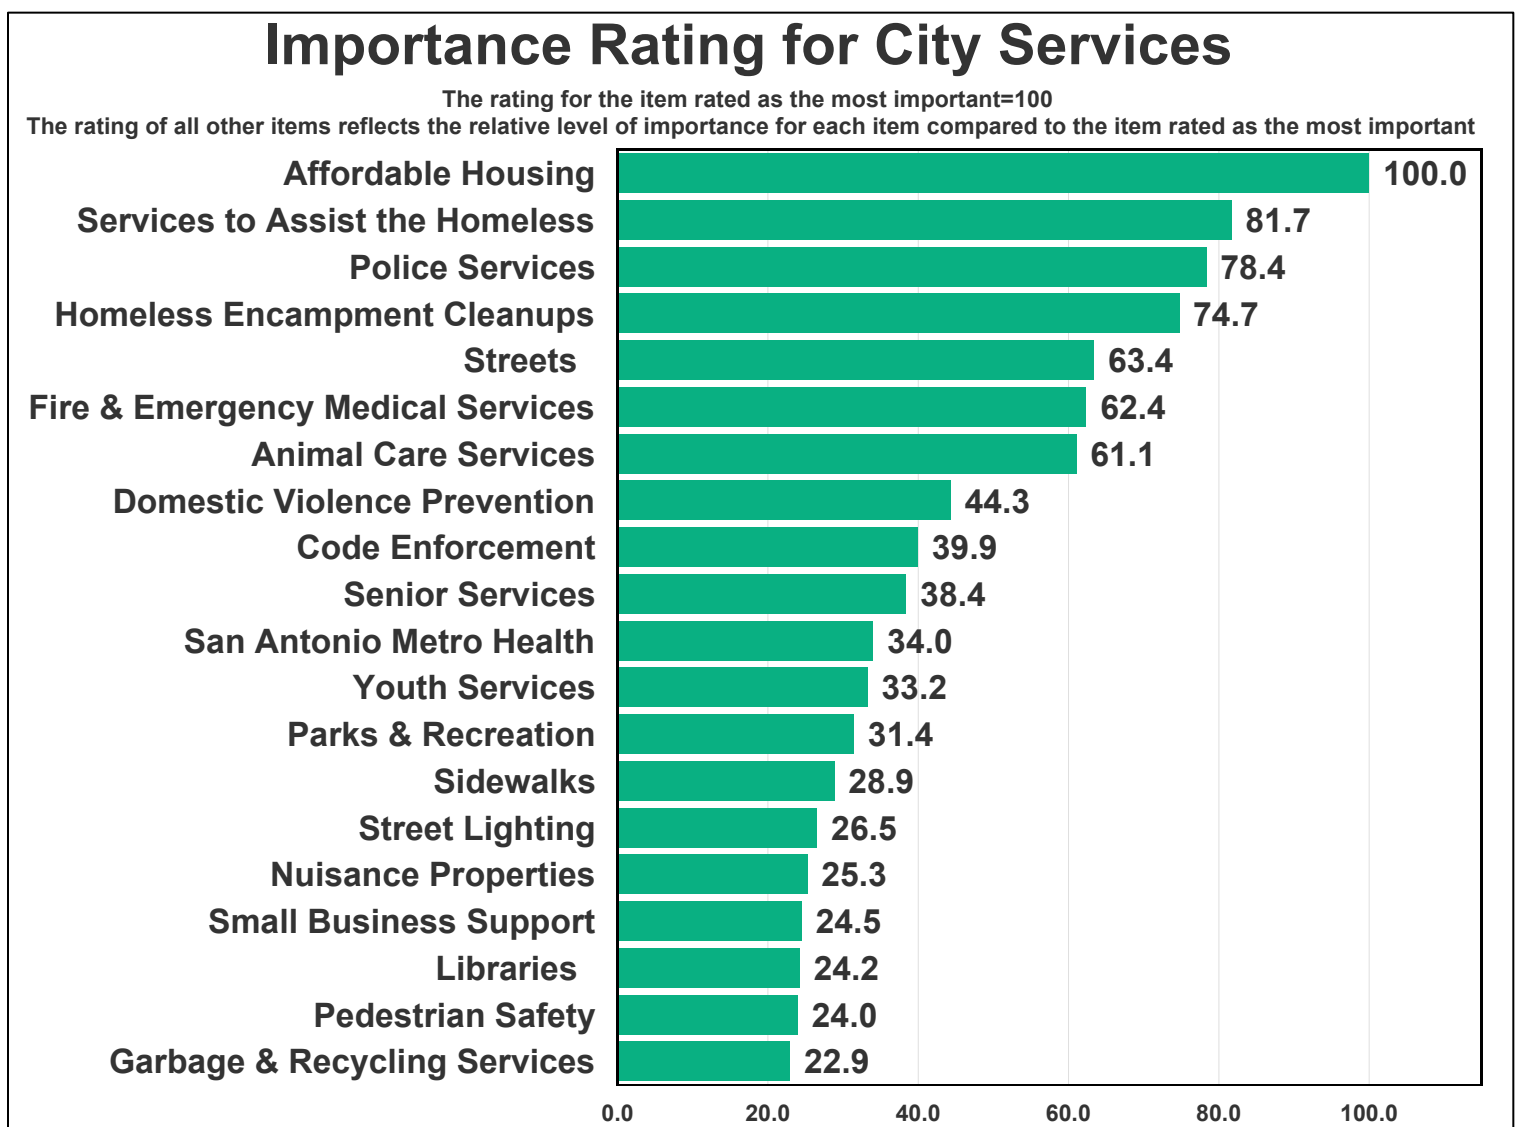

Importance Rating:

ETC Institute then calculated the Importance Rating for each of the services that were assessed on the survey. The Importance Rating uses a 100-point scale that illustrates the importance of each service as it relates to the service that was identified as the most important to residents. In this survey, affordable housing was identified as the number one service to prioritize in the FY 2026 budget by most residents, so affordable housing received 100 points. Other services were allocated points based on the proportion of residents who chose each service relative to those who selected streets. For example, 30.4% of respondents selected police services as one of their top choices, so police services received 78.4 points because 30.4% divided by 38.8% (the percentage for affordable housing) is 78.4.

The chart below shows the Importance Ratings for City services.

Priority Investment Ratings – Part 2: Needs for City Services

The second part of the survey analysis involved measuring needs for City services. This was accomplished by asking residents if they had needs for each of the services that were assessed in the survey, and if so, how well their needs were being met. The ten services for which at least 50% of the respondents indicated their needs were at least mostly met were:

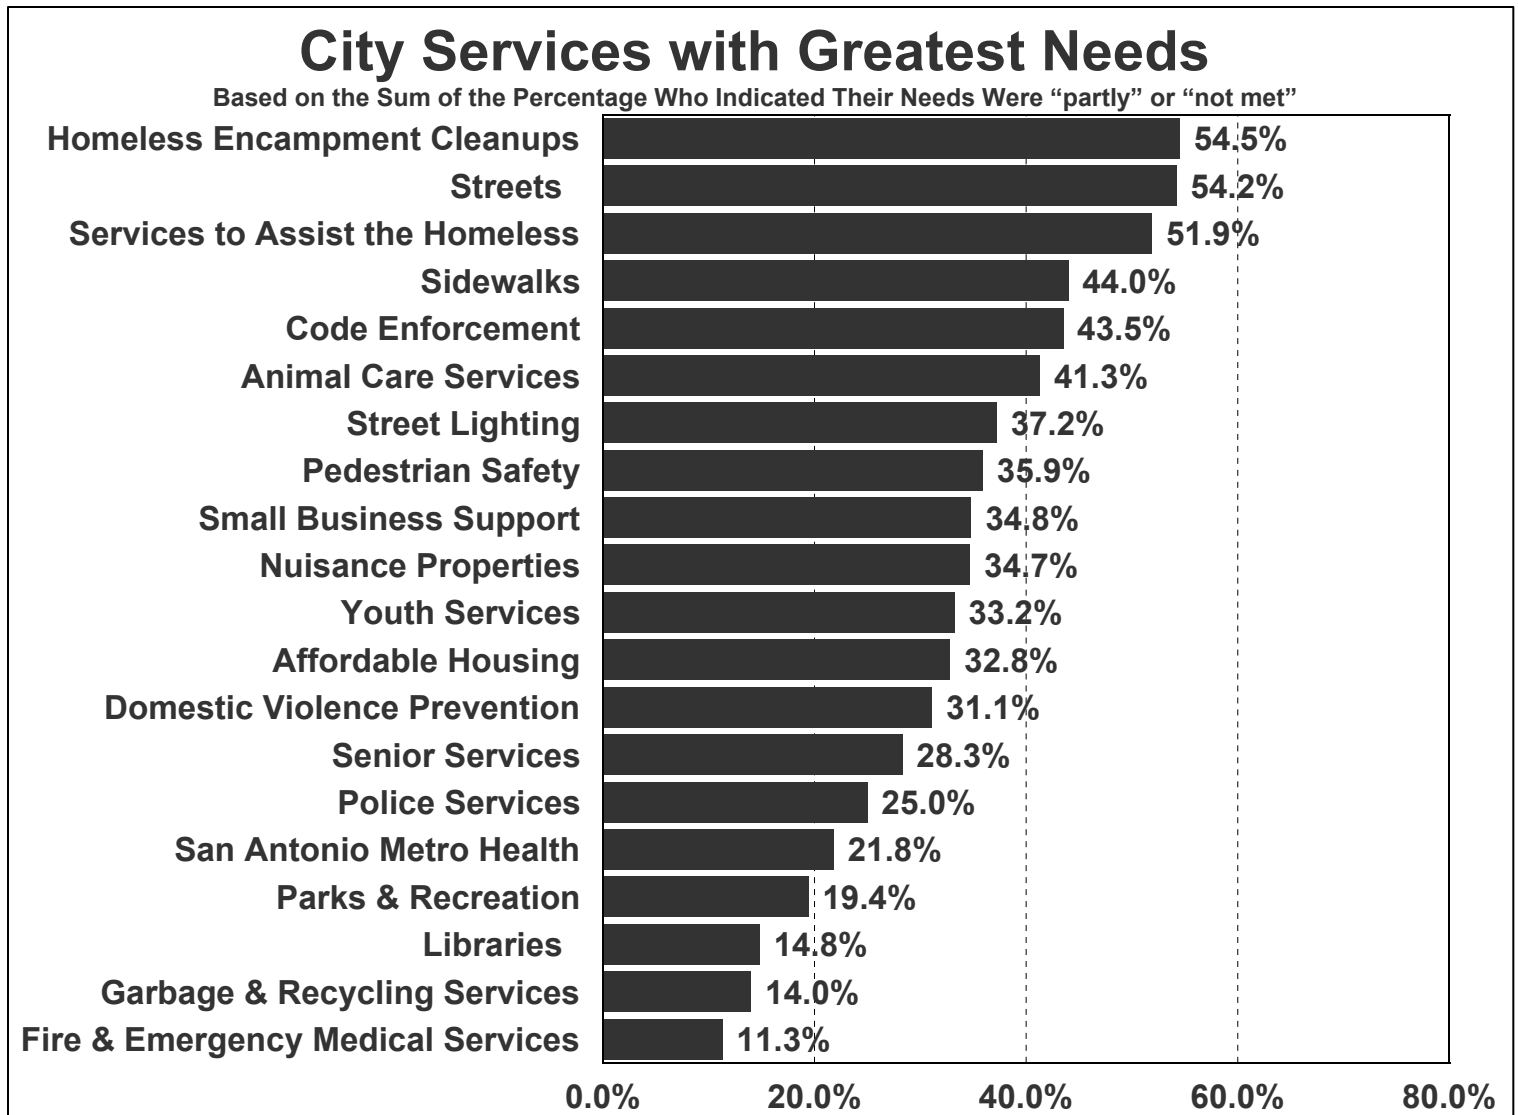

1. Fire and Emergency Medical Services
2. Garbage and Recycling Services
3. Libraries
4. Parks and Recreation
5. San Antonio Metro Health
6. Police Services
7. Senior Services
8. Street Lighting
9. Pedestrian Safety
10. Sidewalks

The chart below shows how well City service needs are being met.

The chart below shows the services with the greatest need based on the percentage of respondents who indicated their needs were not met or were only being partly met.

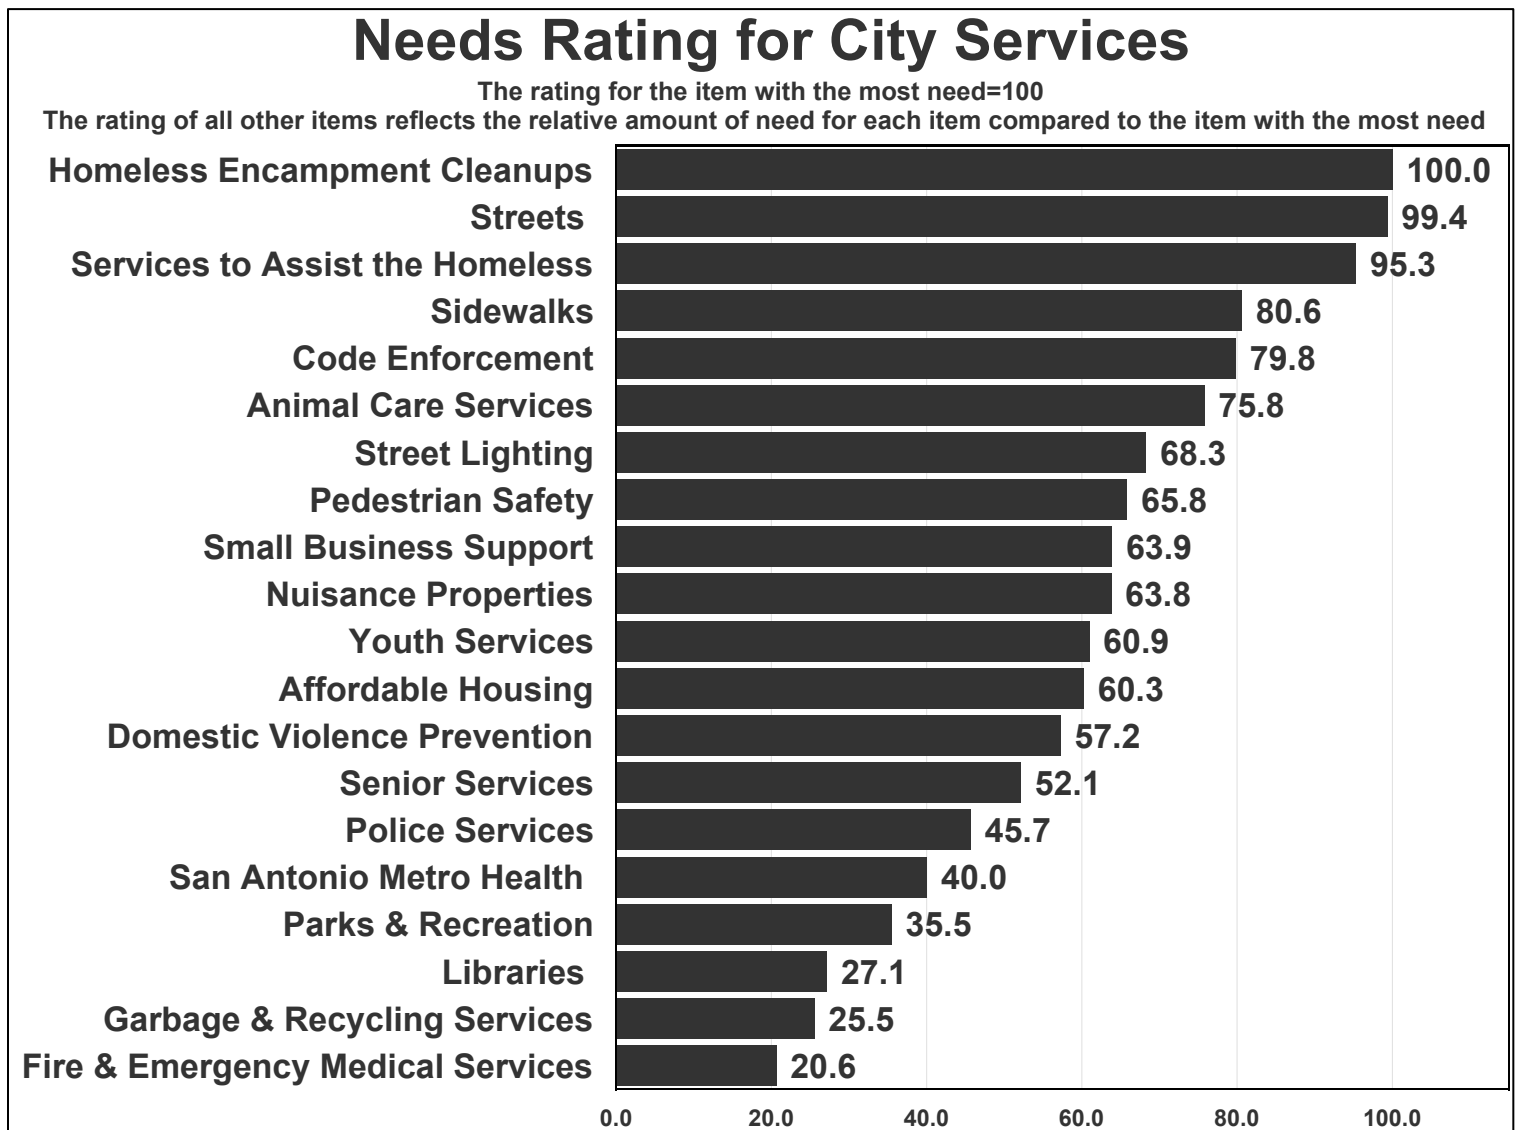

Needs Rating:

ETC Institute then calculated Needs Rating for each of the services assessed in the survey. The Needs Rating uses a 100-point scale to show the relative need for each service to the service with the greatest need. In this survey, homeless encampment cleanups had the highest percentage of respondents who indicated their needs were not met or were only partially being met, so homeless encampment cleanups received 100 points. The percentages for all other services were compared to the percentage of residents indicating their homeless encampment cleanups needs were either not met or partially met and each service was assigned points based on this comparison. For example, 44.0% of respondents indicated their needs for sidewalks were not met or were only being partly met, so sidewalks received 80.6 points because 44.0% divided by 54.5% (the percentage for homeless encampment cleanups) is 80.6.

The chart below shows the Needs Rating for all services that were rated.

Survey Recommendations

Overview of the Priority Investment Rating. The Priority Investment Rating (PIR) was developed by ETC Institute to provide governments with an objective tool for evaluating the priority that should be placed on investments. The PIR is designed to provide an objective method for incorporating community feedback in an organization's budgeting process. The PIR is based on a 200-point scale. The rating use two key inputs that are equally weighted.

- This relative importance of each service is reflected in the Importance Rating, which contributes 100 points to the total score.
- The relative need for each service is reflected in the Needs Rating, which contributes 100 points to the total score.

Based on the results of the survey, ETC Institute calculated the Priority Investment Rating (PIR) for each of the services that were assessed. The PIR equally weights the Importance Rating (up to 100 points) and the Need Rating (up to 100 points) for each of the services that were assessed on the survey. The maximum PIR score is 200 points. Based on the priority investment ratings, the following services were determined to be the highest priorities for investment based on PIR score of 125 or more.

1. **Services to Assist the Homeless**
2. **Homeless Encampment Cleanups**
3. **Streets**
4. **Affordable Housing**
5. **Animal Care Services**

Other services that were determined to be high priorities based on PIR score of 100-124 include:

6. **Police Services**
7. **Code Enforcement**
8. **Sidewalks**
9. **Domestic Violence Prevention**

The chart on the following page shows the Priority Investment Ratings for each of the services that were assessed on the survey.

Top Priorities for Investment for City Services Based on Priority Investment Rating

How to Interpret Priority Investment Ratings:

The services that were rated in the survey were divided into four categories based on their overall Priority Investment Ratings. Below is a guide on how to analyze the Priority Investment Ratings.

- **Highest Priority Areas** are those with a PIR of at least 125. A rating of 125 or above indicates there is a very high level of need and residents think it is very important to fund improvements in this area. Improvements in this area will have a positive impact on the largest number of households.
- **High Priority Areas** are those with a PIR of 100-124. A rating between 100 and 124 indicates there is a high level of need and residents think it is an important area to fund. Improvements in this area are likely to have a positive impact on a very large number of households.
- **Medium Priority Areas** are those with a PIR of 50-99. A rating in this range generally indicates there is a medium level of need or a significant percentage of residents generally believe it is important to fund improvements in these areas.
- **Lower Priority Areas** are those with a PIR below 50. A rating below 50 typically indicates there is a relatively low level of need and residents do not think it is important to fund improvements in these areas. Improvements may be warranted if the needs of a very specialized population are being targeted.

Survey Instrument

Dear Neighbor,

Each year the City of San Antonio develops an annual operating budget that reflects the priorities of the Mayor and City Council and the Community. The City's fiscal year begins October 1 and ends September 30.

We are developing the Fiscal Year 2026 Proposed Budget, and we need your feedback. Your answers will help us understand whether your needs are being met by the City's major services and what investments should be prioritized for the next year.

This survey will take about five minutes to complete.

To make it convenient to participate there are three ways in which you can respond:

- **by mail:** please return the enclosed survey within one week in the provided postage-paid envelope
- **by phone:** please call toll-free at 1-888-801-5368
- **online:** please visit SanAntonioSurvey.org

Your individual responses are anonymous. The results of the survey will be shared with the Mayor and City Council and will be published on SASpeakUp.com on June 27, 2025.

If you have questions about this survey, please call ETC Institute at 913-254-4598. Thank you for taking the time to share your thoughts with us.

Sincerely,

A handwritten signature in black ink, appearing to read "Erik Walsh", written in a cursive style.

Erik J. Walsh
City Manager

2026 City of San Antonio Community and Budget Survey

The City of San Antonio is conducting a survey to understand your highest priorities for next year's budget. This year, the City will need to reduce spending. In order to do this, your feedback will help City leadership determine where to focus its spending for Fiscal Year 2026. The survey should take no more than 5 minutes to complete. All responses will be kept confidential. Complete this survey online at SanAntonioSurvey.org or call 888-801-5368.

1. Please indicate how well your needs are being met by each of the major City services listed below on a scale of 4 to 1, where 4 means your needs are "Fully Met," and 1 means your needs are "Not Met" at all. Querido vecino,

Cada año, la Ciudad de San Antonio desarrolla un presupuesto operativo anual que refleja las prioridades del Alcalde, el Concejo Municipal y la Comunidad. El año fiscal de la Ciudad comienza el 1 de octubre y termina el 30 de septiembre.

Estamos desarrollando el Presupuesto Propuesto para el Año Fiscal 2026 y necesitamos conocer sus opiniones. Sus respuestas nos ayudarán a entender si sus necesidades están siendo satisfechas por los principales servicios de la Ciudad y qué inversiones deben priorizarse para el próximo año.

Esta encuesta tomará unos cinco minutos en completarse.

Para que sea conveniente participar, hay tres maneras en las que puede responder:

- **Por correo:** Devuelva la encuesta adjunta dentro de una semana en el sobre con estampilla postal pagada proporcionada
- **Por teléfono:** Llame gratis al 1-888-801-5368
- **En línea:** visite SanAntonioSurvey.org

Sus respuestas son anónimas. Los resultados de la encuesta se compartirán con el Alcalde y el Concejo Municipal y se publicarán en SASpeakUp.com el 27 de junio de 2025.

Si tiene preguntas sobre esta encuesta, llame al ETC Institute al 913-254-4598.

Gracias por tomarse el tiempo de compartir sus respuestas con nosotros.

Sinceramente

Erik J. Walsh,
Administrador
de la ciudad

Encuesta de la comunidad y el presupuesto de la ciudad de San Antonio 2026

La ciudad de San Antonio está llevando a cabo una encuesta para conocer sus prioridades para el presupuesto del próximo año. Este año, la Ciudad tendrá que reducir el gasto. Para hacer esto, sus comentarios ayudarán a los líderes de la Ciudad a determinar dónde enfocar sus gastos para el año fiscal 2026. La encuesta no debería tomar más de 5 minutos en completarse. Todas las respuestas se mantendrán confidenciales. Complete esta encuesta en línea en SanAntonioSurvey.org o llame al 888-801-5368.
